STOP McADOO, SLOGAN OF OTHER HOPES AS DEMOCRATIC HOSTS GATHER AT NEW YORK; PLATFORM BUILDERS SHAPING UP PLANKS

By GEORGE R. HOLMES
I. N. S. Staff Correspondent
New York, June 20.—"Stop McAdoo." With this as their rallying point, the big and little "bosses" of a dozen states inaugurated a series of before the battle conferences today that promises to result in an iron bound organization sufficiently tight and sufficiently trustworthy to prevent the leading candidate in the Democratic convention from ever attaining the 732 votes, or two thirds, necessary to nominate a presidential candidate.

"Stop McAdoo."
It rolled up and down the corridors of the Waldorf, propelled by the supporters of every other candidate in the list—the Smith forces, the Underwood managers, the Davis boomers, the Ralston men and the adherents of Robinson, Cox, the Bryans, Walsh and horses of hue so dark their forms are hardly yet discernible to the naked eye.

Two blocks away on the eighteenth floor of the Vanderbilt Hotel, the McAdoo managers sit in a sort of endless conference figuring on ways and means of beating the combination. They are confident—and yet they are worried. They believe the McAdoo delegates will stick—and yet they are not sure of it.

The two camps represent the two rival camps into which the Democratic National convention that opens next Tuesday in the garden has been divided.

At the Waldorf it was said today McAdoo is already "stopped." Sufficient votes have been pledged, it was said, to absolutely prevent a nomination for McAdoo unless the two thirds rule is abolished and there is believed little chance of that.

Four hundred votes at least have been tagged and put in the safe against McAdoo, it was said, and the anti-McAdoo leaders were confident today of a swelling total as convention time approaches.

Only 367 are required.
The anti-McAdoo votes are counted on from New York, Penna., Mass., Ill., Rhode Island, Ohio, Wisconsin, Maryland, New Jersey, Indiana and a scattering from other states.

"They won't dare" was the attitude of McAdoo headquarters toward these confident assertions at the Waldorf that "McAdoo is stopped."

Meanwhile, with the McAdoo and Smith-Underwood camps busily engaged in sharpening their respective knives, the candidacy of John W. Davis of West Virginia is admittedly growing stronger as convention time approaches.

The letter which the Ex-Ambassador caused to be published today, stating, in effect, that he is a receptive if not an avowed candidate for the nomination, caused a stir in political circles here and gave his friends a new talking point.

Davis' availability is being more and more discussed by those who believe that McAdoo and Smith are already hopelessly dead-locked—a week before the balloting begins. Not being an active candidate and taking no part in the bitter quarreling that already is going on between the Vanderbilt and the Waldorf, Davis, his friends say, has only to maintain himself in this position in order to make himself acceptable to all factions once a stalemate is reached.

Judge David Ladd Rockwell, director General of the McAdoo camp, was asked today the flat question where McAdoo's delegates "were going when the break comes."

"Home" he replied. "It will be time to go home. As far second choices—we have none. It has never been considered."

Notwithstanding this, reports persisted that if McAdoo is beaten he will throw his strength to Senator Carter Glass of Virginia. The two are close friends and were in conference most of Thursday. It was observed that while Glass called on McAdoo and McAdoo returned the call, the Virginia Senator did not call elsewhere nor was he called on by others.

The anti-McAdoo forces contend that McAdoo can "deliver" but few of his delegates.

"He has more delegates than any—"

By WILLIAM K. HUTCHINSON
(I. N. S. Staff Correspondent.)
New York, June 20.—The Democratic platform for 1924 under unofficial construction here by a group of Democratic national leaders has developed two bitter factional fights over party issues, it was learned today.

The biggest row grew out of an effort of eastern leaders to insert a strong pro-League of Nations plank while the second clash developed over a proposal to include a plank directly condemning the Ku Klux Klan.

Western party leaders, sharing in the pre-convention conferences here violently protested against a renewal of the league issue, protesting that it would be a losing issue. With the easterners adamant, there was every indication the row would be carried into the convention itself for final determination. The league issue was supported by a delegation of Democratic women who had sounded out the women of the party.

The proposed anti-klan plank likewise provoked sectional differences. It was said to have been championed by National Committeeman Norman E. Mack of Buffalo and other eastern leaders. Western spokesmen condemned it on the ground that it would alienate a number of western states which might otherwise be won to the Democrats.

One of the few planks upon which an unanimous agreement was reached was one endorsing American participation in the permanent court of international justice. This plank, it was said, will merely state that the Democratic party "favors the United States joining" the court without reference to the Harding-Hughes-Coolidge or other planks.

The unofficial platform drafters were led by Homer S. Cummings, of Connecticut, who heads the Democratic committee on resolutions. The conferees include Senator Glass of Virginia; Garrett, Democratic leader of the House; Cordell Hull, Democratic chairman; Senator Key Pittman, of Nevada, and Norman E. Mack, of Buffalo.

A number of other planks, virtually agreed upon, settled the agricultural, railroad, tariff, public scandal, taxation and government economy issues.

The agricultural plank will be one of the strongest in the whole platform it was said. The Democratic chiefs decided to lay the blame for ex-

New London, June 20.—Yale's freshman crew, rowing a swift, steady stroke thrashed down the two mile course on the historic Thames this morning to victory over Harvard in the first event of the annual Yale-Harvard Regatta. The main event, the varsity four mile race, will be decided this afternoon.

Yale also captured the Junior varsity race, winning by a length. It was a great race, closely contested from the start. Harvard took a slight lead at the start, then Yale closed in and for almost a mile, they rowed neck and neck. Yale then rowed half a length ahead and at the 1½ mile marker this shot distance separated the competing crews.

Yale's boat leaped across the finish line exactly a length ahead. The Harvard crew was almost exhausted by their desperate efforts to win while Yale was rowing easily at the finish.

Yale's official time was ten minutes 22 seconds; Harvard's ten minutes 45 seconds.

WIFE OF SENATOR CURTIS DIES
Washington, June 29 (INS.)—Mrs. Anna Baird Curtis, wife of Senator Charles E. Curtis of Kansas, died at her home here today. She has been an invalid for two years.

Born in Altoona, Pa., in 1860, her parents took her to Topeka, Kan., where she attended school and later married Curtis in 1884.

THREAT TO KIDNAP FRANKS CHILDREN

Chicago, June 20 (INS.)—Another letter, signed by "George Johnson" and threatening the kidnaping of the sister of Robert Franks, has been received by Chief Justice John R. Caverly, of the criminal court, it was learned today. It is one of more than a hundred letters received by the Judge since the confessed slaying of the Franks boy by Nathan Leopold, Jr., and Richard Loeb.

Police began immediately to search for the author of the letter, which bears the same name as that used in the \$10,000 extortion letter sent Jacob Franks, when his son was kidnaped.

Because of the nature of the message, it was turned over to former corporation counsel Samuel Ettleson, legal adviser of the Franks family.

Although police declined to divulge the text of the letter it was made known that the writer claimed he had been wronged by Jacob Franks, millionaire father of Robert and Josephine, and intended to follow this method of revenge.

Police are also making every effort to locate the man who threatened to kidnap Irwin Hartman, Jr., son of the millionaire furniture manufacturer and schoolmate of Robert Franks, unless the father paid \$10,000 blackmail. Irwin was the last of Robert's chums to see him alive and the police believe friends of Leopold and Loeb might be taking this method to put him out of the way.

To forestall possible harm, the boy and his sister, Mary, 14, have been taken to the home of relatives in Baltimore, where they will remain through the summer.

BONUS BLANKS NOW IN HANDS OF LEGION

Washington, June 20 (INS.)—The initial distribution of application blanks for the Soldiers' Bonus was begun today, when six million forms were sent out by Maj. Gen. Robert C. Davis, Adjutant General of the Army, directly to posts of the American Legion, chapters of the Red Cross Veterans of Foreign Wars, Disabled American Veterans, army, navy and Marine corps posts and recruiting officers.

The distribution from today on will keep pace with the printing of the blanks and is being made by geographical priority, so that by Monday the distribution of the six million blanks will occur over the United States at practically the same time.

Monday the final and complete distribution will be made on the same scheme, so as to be accomplished by Saturday of next week.

It will consist of five million which will be sent to all post offices.

More than 800 additional clerks already are at work on the 6,000 filing cases of records which have to be consulted. The number of additional clerks will be increased to 1,200 by the end of the June and by the end of July the entire force of 2,517 necessary for the work will have been obtained. The clerks are now being schooled in the records, mailing the application blanks and learning to use the special computing machine and other devices that will be utilized in this vast work.

BOOTLEGGERS TAKE POISON ON TRAIN

Butler, Pa., June 20 (INS.)—Leonard DiFoggi, 59, formerly a prominent Italian banker and merchant here, is expected to die at the Butler county hospital from the results of poison he swallowed last night as he was being brought to Butler from Pittsburgh to answer bootlegging charges.

DiFoggi, who was released from several charges of violating the liquor laws, was finally convicted here and sentenced to pay a \$1,000 fine and to serve one year and a half in jail.

He was free under bail, and was re-arrested at Pittsburgh yesterday when his bondsman became apprehensive regarding DiFoggi's return here.

DISCORD IN COCOA COLA...

Atlanta, Ga., June 20 (INS.)—Asa G. Candler, aged soft drink king, today filed a suit for divorce in the Fulton Superior court against the pretty young woman to whom he has been married less than a year.

Lone Survivor of Warship Blast

Joseph Caviezel, first class seaman from Los Angeles, who miraculously escaped the blast in the turret of the battleship Mississippi at San Pedro. At the first shock he either dove or was propelled through a momentarily open hatch below the guns, landing on the deck below but slightly hurt. Below an inset of the turret that became a death chamber for 48.

PAYROLL BANDITS MAKE GOOD ESCAPE

Ponxsutawney, June 19.—As completely as though they had been swallowed up by the earth, the five bandits who on Tuesday held up a street car on the Indiana-Clymer line of the Indiana Street Railway Company and secured a payroll of \$28,750, have disappeared.

Not since the five men left the street car, which they had forced the motorman to drive to a point a mile south of the holdup scene, and jumped into a waiting automobile, has anyone, to the knowledge of the authorities, seen or heard of the bandits.

A Chevrolet automobile belonging to a visitor in Indiana, was stolen sometime early Tuesday morning and the authorities are now convinced that the bandits made their getaway in this car.

The search for the bandits has been an exhaustive one. Police authorities throughout the Eastern section of Penna. have been on the constant lookout for the gang but to no avail. Automobile parties in Cambria and Indiana counties who appeared in any way suspicious have been stopped and questioned.

Police do not believe that the bandits proceeded far. They are convinced that the bandits are natives of Indiana or Cambria county and believe they are in hiding in some of the many mining towns in one of the two counties.

Color Page Artists Running Close Race

The little artists who entered the coloring contest this past week certainly did give the judges a hard couple of hours picking out the ones who were entitled to prizes. The first and second prize were so close that help was called in from the outside to make the decision. Charlotte Zerfoss was finally awarded first prize with Miriam Boyd a very close second. These two artists are certainly running a fine race for the grand prize but there is yet time for some little artist who has not yet entered the contest to get into the race and win a prize.

Third prize was awarded to Burton Peters of Woodland with Albert Orme, of this city a close fourth.

Moving pictures were given to Priscilla Hazel, Bernice Meader, Walter Fray, Leah Gilliland, Billy Roesser, Virginia Smeal, Virginia Gearhart, Margaret Gilliland, Ethel Herman and Robert Vandling.

Come into the contest, children. Take lots of pains with your coloring. Crayolas and water colors get the same consideration if the work is equally well done.

TRAINS AND AUTOS CAUSE FOUR DEATHS

Monroe, Mich., June 20 (INS.)—Three men were killed and a fourth man and his wife injured early today when an automobile plunged against a creek bridge near here and a second automobile crashed into the wreckage.

The dead men are all well known citizens of Monroe. They are: David Ackerman, 30; Andrew A. Phelps, 20; John Augusta, 20.

Mr. and Mrs. John Sadek, Detroit, touring from the south, hit the wreckage a moment after the smashed machine had struck the bridge abutment.

Barre, Vt., June 20 (INS.)—William Forbes, fireman on the new Washington-Montreal express of the Canadian National line, died at his post early today when a freight train pulled out of a siding near the Sharon station, directly into the course of the express. Three other members of the train crews were injured.

The freight was badly damaged, but her crew jumped before the crash. The boilers of the two locomotives overlapped but did not explode.

HUSBAND SOUGHT AS KILLER OF WIFE

Pittsburgh, Pa., June 20 (INS.)—Police are searching the city this afternoon for Jack Gobert following the discovery of his 20-year old wife's body, lying in a pool of blood at their rooming house.

The body was found after an anonymous telephone call came into police headquarters stating that a woman had been murdered in the house where the couple were living. Gobert was seen with his brother this morning and fellow employees said they overheard the couple talking of the murder.

BRUISED BY PLASTER FALL...

Mrs. Gerald Wallace and Mrs. Earl Shirey received painful bruises about the shoulders and lacerations of the forearm when struck by a patch of plaster which fell from the ceiling into the hallway leading into the High School gym last night while attending the alumni banquet.

WON DODGE ROADSTER...

Fred Thorn was inveigled a few weeks ago into investing a quarter in a ticket which entitled him to a look in on a Dodge roadster being given away by the Williamsport lodge of Eagles. Last evening Fred was notified by long distance phone from Williamsport that he had the lucky ticket and the Dodge or \$800. He is in Williamsport today getting one or the other.

MOSHANNON VALLEY U. S. NAVY FAR FROM BOY SCOUT COUNCIL BEING IMPOTENT; GROWING RAPIDLY NEED MEN FOR BOATS

Embraces Centre County and a Part of Clearfield County and Will Camp at Shawville.

CAMP OPENS JULY 7

The Boy Scouts of America, of the New Moshannon Valley Council which will cover Clearfield county from Clearfield Curwensville south to the lower end of the county, and the western part of Centre county, is growing rapidly. New Scout troops are springing up on every hand.

A. Morris Greenfield, the Scout Executive of the district, is giving of his time and energy to build up a strong Council and after camping time is over, the entire council will be reorganized and District Councils formed at Clearfield, Philipsburg and Osceola Mills.

The Scout camps will be held at Shawville, Pa., along the Susquehanna River and will open July 7th, and continue for six weeks, and every Boy Scout will be given a chance to stay two weeks if he can raise the price, which is \$5.00 a week.

The following list will show where the Scout Troops are located, the name of the Scout Master, place of meeting and number of Scouts in each troop:

Philipsburg
Troop No. 2; Scoutmaster, Eph Goldthorpe Jr., meets in Parish House; 32 Scouts.
Troop No. 3; S. M., Rev. C. F. Knepp, Asst., Prof. D. B. Knepp; meets Parish House; 24 Scouts.
Troop No. 4; S. M., D. M. Musser; Asst., Louis Batchelor; meets U. B. Church; 23 Scouts.
Troop No. 4; S. M., Roy Schuffer; Asst., Roy Wilburn; meets in Presbyterian Church; 30 Scouts.
Troop No. 6; S. M., Walter Magwire, Asst., W. A. Snyder;
Asst., H. A. Hunter; meets in M. E. Church; 28 Scouts.
Troop No. 7; S. M., Paul Spackman; Asst., W. A. Snyder; meets in M. E. Church; 10 Scouts.
Troop No. 9; S. M., J. L. Mattern; Asst., John Morris; meets Hope Fire Co. Bldg.; 14 Scouts.
Troop No. 10; S. M., George R. Howe; Asst., P. L. McCaully; meets Catholic Church; 20 Scouts.
Osceola Mills
Troop No. 1; S. M., Rev. J. W. Skillington; Asst., K. Howe; meets in basement Masonic Temple; 25 Scouts.
Troop No. 2; S. M., C. Bruce Gardner; Asst., Fred D. Browne; meets in basement Masonic Temple; 19 Scouts.
Troop No. 3; S. M., M. B. McCarthy; Asst., John Hughes; meets basement Masonic Temple; 27 Scouts.

Houtzdale
Troop No. 1; S. M., Rev. W. H. Williams; Asst., John Dail; meets M. E. Church; 28 Scouts.

West Clearfield
Troop No. 1; S. M., R. Oscar Smeal; meets M. E. Church; 15 Scouts.
Troop No. 2; S. M., Niles E. Shimmel; Asst., J. Walter Haines; meets U. B. Church; 23 Scouts.

Bigler
Troop No. 1; S. M., Harry I. Wisor; Asst., C. B. Lambert, E. E. Raughman; meets U. B. Church; 15 Scouts.

Woodland
Troop No. 1; S. M., Charles Palmer; Asst., Leland Stine; meets U. B. Church; 24 Scouts.

Clearfield
Troop No. 1; S. M., Edward Vandling; meets 204 West First St., 30 Scouts.

Troop No. 2; S. M., Purcell Pride; Asst., David Lane, Nathaniel Gibbons; meets A. M. E. Church; 15 Scouts.

Troop No. 3; S. M., Luanee Sout; Asst., Royman Conklin; meets West Side M. E. Church; 16 Scouts.

Morrisdale
Troop No. 1; S. M., Rev. M. S. Q. Mellot; Asst., Albert R. Stoker; meets M. E. Church; 22 Scouts.

The re-registration of this troop is pending.

Troop 4 at Osceola Mills, St. Marys Church, is pending—Michael Kopick has been appointed Scout Master with Andrew Mandel as his assistant.

Troop 4, Clearfield, is also in formation. In addition to Scouts, there are 87 Wolf Clubs enrolled in Junior Branch.

Rear Admiral Fullam, In Special Review, Refers to the Elements of Strength.

IT IS SOUND SENSE

By REAR ADMIRAL W. F. FULLAM
U. S. N., Retired.
(Written for I. N. S.)
Washington, June 19.—Much has been said recently about the weakness of our navy and little has been said about its strength. It is true that it has weak elements. It is also true that it has strong elements which are at present unappreciated, unutilized, idle, rusting at our docks. Such a condition is intolerable.

It indicates a pitiful failure to grasp the facilities of great potential power in offensive and defensive naval warfare that are lying within our reach.

While we are crying childishly and helplessly for additional ships and more money at a time when Congress under the leadership of "Little navy men," resists all consideration of the navy's needs, there is an added obligation, an added necessity, for taking account of stock and making the most of weapons we now have—weapons which only need men, organized intelligence and skill to make them a terror to our enemies upon the seas. It is almost inconceivable that such a condition should exist. It demonstrates the pathetic absence of naval statesmanship in this country. It betrays the conservatism, the sluggishness of naval and legislative minds at a time when our navy demands concentration upon methods and the most intense energy in making practical use, tactically and strategically, of the means now at hand.

We have an enormous fleet for modern destroyers in the navy today—one hundred more than Great Britain, two hundred more than Japan and more than twice the total destroyer flotillas of the continental powers of Europe. But with this overwhelming modern force of fast fighting seacraft unmanned, unorganized and ignored, we sit supinely crying for more cruisers and insisting that time and money be devoted to patching up battleships and elevating their guns when a calm study of naval warfare will plainly demonstrate that both cruisers and battleships can be and have been sent to the bottom by the destroyers we refuse to utilize.

Indeed the writer does not hesitate to say that the 200 American destroyers now rusting at our docks, if they were manned by skilled American Bluejackets, would give us a combatant force that could alone more than balance the exaggerated advantages of the grand fleet of Great Britain in cruisers and battleships, and which, would, when added to our present surface navy, give us the victory at sea over any other navy in the world.

No force of modern dreadnaughts in the Pacific could resist the combined and skillfully planned attack of 300 destroyers. They would tremble at the threat of such an attack.

Destroyers in battle are the cavalry of the sea, especially when combined with air forces. They not only carry torpedoes, but can also sow the seas with mines and depth charges dangerous at once to submarine, to cruisers and dreadnaughts.

And every destroyer can take on board one or two small pursuit planes—fighting planes each with a 100 pound bomb with which to fight the enemy planes and menace his surface vessels.

The smoke screen, properly employed, can greatly aid the destroyer both in attack and defence. Three hundred destroyers could so completely shroud an enemy in smoke, and so interfere with his vision that his gunners could see little of the target. They could thus be rendered comparatively harmless, at all ranges, and, under cover of this smoky mist laid by designated flotillas, other flotillas could approach and press home an attack.

Imagine, eighteen flotillas each

(Continued on Page Four.)

STOP NEADOO

(Continued From Page One.)

one else right now. That is conceded" said one of the leaders. "But he can't control them to the point of delivery. He knows it and we know it."

The Waldorf began cluttering up today with vice presidential booms and more arrived during the day. In addition to virtually every presidential candidate also being a vice presidential possibility there are numerous others who are admittedly shooting at nothing else but second place.

Governor Smith was asked whether he would accept such a post.

"I am not a vice presidential candidate," he said. "It has never been considered."

Major George L. Berry, of Tennessee, head of the pressmen's union; and Colonel A. O. Owsley of Texas, former commander of the American Legion; are two of the outstanding names at second place. Berry has a considerable delegate strength, picked up here and there. Owsley contends that a veteran on the ticket will be necessary to offset the Dawes candidacy on the Republican ticket.

Destruction by Forest Fires

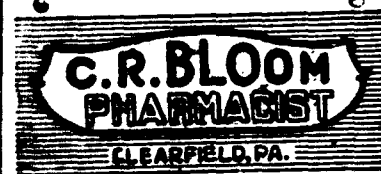

Every year 33,000 forest fires, involving some 12,500,000 acres of timber land, cost us \$20,000,000.

Why are old shoes thrown after a bride? Because, in ancient sales of property, the seller delivered his shoe to the buyer, as testimony that he gave up possession. Hence the old shoes when brides "are given" in marriage. Customs change but our customers stick to

Y. M. C. A. CADETS TO HOLD PICKET

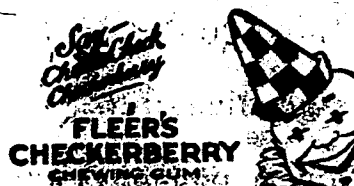

Fifty-two members of the Cadets class at the Y. M. C. A. are all set for the outing that has been postponed several times on account of inclement weather, but have every hope of enjoying the best weather Friday. They will gather at the Y. M. C. A. building, each boy bringing a boy friend and a hearty box lunch, at nine o'clock and go with their leader into the nearby woods, for games and a day of outdoor recreation.

The three officers of the Cadets, or Live Wires Club, James Stevenson, Leslie Wallace, Charles Marsden, will go out of office. Two have graduated to the Junior class, and the other moved out of town. The boys will elect new officers for the balance of the year. Several playground ball teams will be organized and a number of challenges have been received by other boy clubs, aged 9 to 11. Games will be played during the summer thru the playground activities.

YEAR THE YELLOW TAG

On Circus Day, July 23rd, the Junior Women's Hospital Auxiliary will sell tags for the Elevator Fund of the hospital to complete their pledge of \$1500. Every tag will sell for \$100, so no one should fail to buy one, and help along the good cause. The Auxiliary wants all the younger girls in town to help as they did last year and will all those who are willing to do so report at Margaret Smith's home on Monday morning, 5/20/24.

Mr. and Mrs. T. D. Ogden, who have been enjoying seeing all their friends in their home town, will go to Curwensville for a day or two and then return to their home at 700 Newington ave., Baltimore, Md.

MAHAFFEY BOY SHOOT HIMSELF IN SHOULDER

Wayne Hunter, 12-year-old son of Mr. and Mrs. Joseph Hunter, of Mahaffey, was taken to the Adrian hospital last evening with a bullet wound in the arm. The boy was celebrating the 4th of July prematurely with firecrackers and an old gun. The gun was accidentally discharged, the bullet entering his shoulder. His condition is not serious.

Was skeptical of Kellogg's Bran until it gave him back his health

Naturally Mr. Carter—whose letter follows—was skeptical. He had tried practically everything for the relief of constipation. All had failed. But Kellogg's Bran brought him permanent relief, just as it has done for thousands of others. Read his letter:

Gentlemen:

I am 43 years old, and have been for years a great sufferer from constipation. I had to resign a clerical position because of rashes of blood to my head, some of which caused me to fall to the ground. I took an outdoor laboring job and tried for the first time, absolutely I admit, your Krumfeld Bran. The result has been wonderful. I began to be normal after I had been on the Bran about three days. No more rashes, no more Old Dr. Seid's Pills, Epson salts by the

ten, etc., and tubulins! You have the most wonderful product for constipation I have ever seen or tried. Yours very gratefully, L. T. Carter, 234 Nineteenth St., Brooklyn, N. Y.

Kellogg's Bran, cooked and bran, does not irritate the mucous membrane like drugs and pills. It acts exactly like nature acts. Eaten regularly, it is guaranteed to relieve permanently the most chronic case of constipation, or your grocer will return your money. You will like the exclusive, nut-like flavor of Kellogg's Bran, cooked and bran. Eat two tablespoonsful daily—in chronic cases with every meal. Eat it with milk or cream and in the recipes on every package. Sold by all grocers. Made in Battle Creek.

LET US WASH AND GREASE YOUR CAR OR TRUCK

We are getting a lot of praise on the way we are turning out clean cars in lieu of the muddy, dirty, squeaky ones that are brought in. Your car will look three or four times better than the cost of this service if you will have us keep it clean.

We will call for and deliver your car.

ODDS AND ENDS AND THINGS

By J. D. C.

The Clearfield county jail now has an even 50 inmates within its musty old one wall. Booze did it for a majority of the inmates.

The prohibition became a law approximately \$19,500,000 in fines have been imposed in Federal courts for its violation. Prohibition headquarters at Washington announces in a recapitulation of its work.

In addition, nearly 6,300 years in jail sentences have been levied in 150,000 cases.

Since July, 1922, when the conspiracy section of the criminal code was invoked in enforcement, nearly \$1,000,000 in fines and 450 years in sentences have been imposed in Federal courts in a thousand cases.

Telephone subscribers of Munich will be able to hear opera performances of the Munich National Theatre in their homes as the result of an invention by the Federal Ministry of Posts, Telegraphs and Telephones.

The invention consists of a new transmission device which can be attached to a regular telephone receiver at small cost.

The initial experiment was made with several hundred microphones distributed over the stage and in the orchestra pit of the theatre. It was pronounced an unqualified success. The transmission device is so adjusted that contact with the opera is broken when an outside party calls a listening subscriber.

Clearfield county residents during the past week paid in the neighborhood of \$1700 in fines and costs for failure to comply with the law which requires that dog owners must pay a license fee of \$1.10 for every gentleman dog and \$2.10 for every lady dog owned or possessed. Many dog owners have been winking at the law and allowing their dogs to go untaxed. This week a State officer from Altoona scoured a part of the county and arrested every fellow with a dog without tag or license for the year. Nearly 200 prosecutions were brot, the fines and costs amounting to \$8.50 in each case.

Eat More Fruits And Feel Better

The finest thing you can eat during this first real hot wave of the season is plenty of fruits. The acids will cool your blood and you'll feel better all round.

We have all the fruits that are in season and among them are some

EXTRA FINE CANTALOUPE

They are of varying sizes and we will have plenty of them for you tomorrow. Then, too, we will have lots of other things. Lemons for lemonade, oranges to eat, and many other things.

FRESH VEGETABLES AHEAD OF GARDENS

Of course you have most of the things coming along in your gardens. But why wait? We have all the things here and you may enjoy them now.

THORN BROS.

Democratic Platform

(Continued From Page One.)

isting from depression upon the Republican administration, charge the Harding-Coolidge rule with failing to help the farmer and proposed a program of relief, to include a promise of lower freight rates. The latter pledge was combined in the railroad plank which also condemned the Esch-Cummins law.

The party chieftains also unanimously decided upon the anti-scandals plank. All present were agreed this issue should dominate the coming campaign and that Democratic spokesmen everywhere should denounce alleged Republican misrule.

A plank proposing tariff revision was also inserted in the "unofficial" platform. Another revision of taxation downward was pledged in the tax plank, in which the Democrats took all credit for the recently enacted tax reduction bill. Stronger steps for government economy also were pledged. Throughout the sessions of the party leaders, harmony prevailed except when either the League or Klan issues became involved. While heated discussions were the rule, no effort was made by the leaders to draft a final plank on either subject. As a result it was likely both planks would be written ultimately in the formal gatherings of the committee on resolutions.

Thought for the Day.
The bad habit we do not begin, we will never have to quit.

DAISY STREET

Rhode Island Senate May See Bloodshed

Providence, R. I. June 20—(INS)—With prospects of political peace as far away as ever, the Rhode Island state Senate reopens its fight today with renewed vigor. The Senate will reconvene this afternoon. If at the appointed hour, there are not sufficient Republican senators in the chamber to make a quorum, Lieutenant Governor Felix Toupin is expected to call upon Governor Flynn for the absentees.

THE GREAT ATLANTIC & PACIFIC TEA CO.

Four of the Republican Senators are still confined to hospitals as the result of yesterday's "gassing." If all other Republican Senators absent themselves from the senate chamber there is danger of actual bloodshed, according to some of the leaders.

"If bloodshed there must be, then bloodshed there will be" Senator Robert Quinn, Democratic leader, told Republicans after they had repudiated a peace pact signed by Senator Charles Dooley and Reading Clerk James Dooley, representing the Republicans.

It is understood Gov. Flynn will grant the request for Militia to round up missing senators.

Deputy Sheriffs, generally assigned to such duties, being Republicans, report that they "cannot be found" when sent for the absentees.

It Never Is Short.

People who find themselves in a peak of trouble never complain of short measure.

SPIDER WEBS

It would never have occurred to most Americans that such institutions as the Young Women's Christian Association, the Women's Christian Temperance Union, the Ladies of the Grand Army of the Republic, the National Council for the Prevention of War, the Women's Joint Congressional Committee, the Girls' Friendly Society and the Needlework Guild of America are leagued with the Russian Soviet government in an attempt to betray and ruin their country.

Yet that very thing is indicated in the so-called "spider-web chart" of Bolshevik activities worked out by secret agents—one of them a woman—in a branch of the War Department. And apparently there are people in the country who really credit such stuff.

Not to mention the incredible gullibility this presupposes on the part of hundreds of intelligent and patriotic women leaders in the United States, it is an amusing illustration of the Great Red Myth which regards the radical Muscovites as supermen in the realm of propaganda and underground influence. If the Soviet leaders were half so brilliant as some timorous Americans imagine them, they would surely not make such a mess of their own affairs at home. As matters stand, while they would doubtless be glad to spread their system throughout the world if they could, they are having more and more difficulty holding their own, in the part of Russia under their control.

If any Russian still dreams of Bolshevizing America, he has a job cut out for him. The chances are about a thousand times better of America converting Russia to Americanism. And we probably have more citizens in Russia working for that end than Russia has Soviet emissaries here.

LONGER ATHLETIC LIFE

A writer on sport topics is convinced that the modern athlete is made of more durable stuff than the athlete of ancient Greece who has remained all these years the type of well coordinated muscle and brain. The Greeks, it is said, barred from any Olympic contest athletes who had reached the age of 35. Many athletes today do not retire at that age.

From the fields of baseball, polo, running, cycling, pugilism, tennis, wrestling and walking, the writer cites men who have been and men who are still going strong at 35 years, 40 years and more. But why shouldn't this be so?

Physicians and statisticians tell us that the span of human life is slowly being lengthened. If we live longer and keep fit more generally than formerly the period of athletic prowess should naturally increase proportionately. There are still enough early break-downs, however, to keep present-day athletes from becoming too conceited about their own chances or too scornful of early Greek limitations.

UNIFORM ROAD LAWS

The Washington Post remarks that in driving from Washington to New York, the motorist encounters five different highway codes. He may be driving in exact accordance with the law in the District of Columbia or any one of the five states concerned, but if he continues driving in exactly the same way after crossing a state line, he may be arrested and fined.

This is an extreme but useful illustration of the confusion now existing among traffic laws in the United States, and the need of uniform laws to make it easier alike for motorists and public authorities. Motoring is no longer local. It is national in scope, for business and pleasure. Uniformity is needed particularly because of the ever-growing army of automobile tourists, to whom the traffic unit is the country, not the state or city.

Federal action on this subject may be impossible, but there is no evident reason why the states should not all co-operate, with the aid of the automobiles associations, in working out a uniform system.

Progress Editorials for Women

HARNESSING THE SUN

By FLORENCE DAVIES

"There is a best way to do everything, even to boil an egg," Emerson declared, in our grandmother's day. Little did he know that a young California scientist in the first quarter of the 20th century, would be cooking eggs in a demonstration of the diabolical "sun ray" which he had discovered and by which he attains heat more than twice as powerful as that of an electric arc furnace.

"I presume this could be made into a terrible weapon of war to wipe out whole armies," said Marcel Moreau, Jr., the inventor, "but I am more interested in developing it for other purposes."

So he cooks an egg without curling the white, to show to other scientists and newspaper men that he has absolute control of this death-dealing ray, that melts diamonds as though they were tallow.

Young Moreau may be a safe guardian of his sun furnace that produces 15,000 degrees of Fahrenheit. Many scientists have not the same viewpoint, however. It is to shudder, as

the French would say, when one pictures the frightful possibilities of such power and of that made possible by other stupendous discoveries, in the hands of reckless, ignorant or cruel humans, so stupendous that the average mind cannot comprehend it. It is said that the foremost chemist of England is literally praying that this discovery shall not be made until the moral sense of man has developed enough to keep him from creating monstrous destruction thru its use.

Archimedes, whose ancient feats set young Moreau at work, is said to have set the Roman fleet on fire at a distance of 16 miles, by focusing the sun's rays with metal mirrors. A British inventor claims to have produced a "death ray" that may be produced electrically without regard to sunshine or clouds.

Brains are not lacking. Close concentration and endless research and experiment are the daily routine of science. It is the soul, visioning high things for mankind and the heart, compassionate, merciful and just, that humanity needs to cultivate.

cheer of the young American naval officer. He will use it like a rapier if we give him the chance. A big destroyer fleet is the best possible production.

Mrs. Mary McMurray is visiting her sister, Mrs. George Barrett, at Morristown, N. J. She will be there for several weeks.

U. S. NAVY

(Continued From Page One.)

composed of sixteen destroyers pushing an attack at a speed of 50 knots on a hostile fleet from all points of the compass. Imagine such an attack at night. Would any hostile Admiral view it with indifference?

He would not. He would tremble in his boots. Every Admiral—English and German—dreaded and turned away from an attack by the destroyers. In no case were more than thirty destroyers used in any attack at the battle of Jutland. We may assert, therefore, that 300 destroyers properly handled and supported by a small force of surface vessels would have defeated or rendered either fleet helpless in that battle.

Three hundred destroyers could carry from 300 to 600 small fighting airplanes. Such a swarm of planes added to the remaining air forces of our fleet might completely smother the air defense of our enemy and bomb him of the sea. Air power will dominate the future wars. Can't we see it? Are we blind?

The destroyer as a weapon lends itself to the fearless and dauntless

"Gee-Whiz! How it Hurts—
—The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuria." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout, or sleep is disturbed two or three times a night, take heed, but—too late. Get Anuria (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

NO FEAR OF MISSING

your train when you carry our Gruen watch. It keeps accurate time like the best railroad watches; in fact, many railroad men carry this watch because of its known timekeeping qualities. You can have this watch in several styles from \$25 upward.

W. W. O'BRIEN

HOP OFF AGAIN HELD UP

New York, June 20 (INS).—A low ceiling of fog prevented Lieut. Russell L. Maughan, from hopping off this morning on his transcontinental dawn to dusk flight. After complete preparations had been made for Maughan's departure, a blanket of fog suddenly descended and the flight was called off.

Session of borough council on the 19th of June was held Wednesday night.

Mrs. Wise and Mrs. Crocker presented and complained of certain drains being detrimental to their properties. Referred to Street committee.

Robt. Addleman asked a number of questions bearing on his individual property and also a sunken drain. Referred to Street committee.

Mr. Conway asked about the enforcement of the fire cracker and other ordinances in the borough ordinance. No change will be made or permit to sell will be made, and law will be strictly enforced.

Plans and blue print for sidewalk on S. 1st St. street down east side presented and accepted.

Frank Addleman and Robt. Addleman and Elk Tannery notified to make repairs along said properties.

Mrs. Daniel Schorr complained about a spouting on public building and water dripping over on her yard. Committee on buildings authorized to make repairs the same.

The Parks asked for Park commission for Labor Day. Said committee authorized and given jurisdiction to grant and give dates for use of Park for year 1924.

James Booth asked permission to conduct a refreshment stand at all times excepting big days when other arrangements might be in conflict, offering Park a bonus of 5 per cent of profits. Referred to Park Committee to make any arrangements in their judgment.

Complaint made that boys and young men were shooting off firearms in Park grounds. Committee to notify said parents if practice is continued.

ued, arrest and prosecution will follow.

Bids were received for 150 rod wire fencing. There were two bids: Gates Hardware, \$160.05 and Curwensville Hardware, \$165.00. Contract awarded to Gates.

Street committee instructed to purchase sufficient planks for repairing floor of Filbert street bridge crossing creek.

Question of employing an inspector at the Anderson creek bridge discussed and James C. Wright was duly elected.

Peter O'Laughlin asked that something be done on Grampian road to prevent his property from being damaged. An alley on South Side was also reported in bad condition and detrimental to property. Same ordered to be fixed.

John Catino asked for a sidewalk grade as he wanted to build. Committee continued on location and ownership of road lying north of Scofield street.

The following bills passed and ordered paid: Cur. Heating & Plumbing Co., \$15.85; T. W. Hess, engr., \$41.11; Rorabaugh Agency, \$33.60; DuBois Courier, \$19.20; Bratton, recorder, \$2.75; Secretary miscellaneous expenses, \$25.00; Clayton Bloom \$53.05; Dewey Killborn, \$28.24; John Hudson, \$11.55; Irvin Moore, \$16.69; Geo. Shaffer, \$16.69; Frank Weaver, \$4.71; Ed Moore, \$10.12. Adjourned.

Keystone Forest No. 93, Tall Cedars of Lebanon, celebrated its first anniversary in Masonic home rooms last evening. Some two hundred were present, and witnessed the initiation of a class of 75. Dinner was served from 6 to 8 o'clock. After the business session closed, a luncheon and smoker was indulged in. Mr. Victor Mollhollen, representing the Supreme lodge was present.

Frank Hamilton is beautifying his home on Meadow street by a new dress of paint.

Some half dozen Curwensville men left yesterday for a soldier's camp for a week's military training.

Tonight is the big carnival held under the auspices of the American Legion auxiliary. Are you going?

The bicycle that had been stolen from the home of Jas. C. Smith, of Meadow street, has been found. Several boys found it lying on a pile below town. The chap rode it to

**GREER ACQUITTED ON
SHOOTING CHARGE**

Los Angeles, June 20 (INS.)—Horace Greer is going back to work for Mabel Normand.

Her former chauffeur, acquitted late yesterday by a jury of ten women and two men of shooting Courtland S. Dines' after he had attracted much attention because of his refusal to testify in his own defense because "it might hurt Miss Normand," today mysteriously obtained bail on a charge of possessing intoxicating liquor and was on his way to Hollywood to sign up with Miss Normand at his former job of driving her car.

MARRIED AT HOLLIDAYSBURG

Miss Margaret, eldest daughter of Mr. and Mrs. Ed. R. Taylor, of Walnut street, and Jesse Rowles, of Ogden avenue, slipped quietly over to Hollidaysburg on Tuesday, June 17, 1924, and had Rev. Kemp say the words which made them man and wife. The groom is the son of Mr. and Mrs. Loren Rowles and recently enlisted in the U. S. Army. His bride is a highly accomplished young woman and a valued employee at the Gearhart Factory and will remain here until her husband's army enlistment expires.

101-BIDS WANTED

NOTICE TO CONTRACTORS
Sealed proposals will be received by the Borough Council of Houtzdale, Clearfield County, Pennsylvania, until

8:00 p. m. July 7th, 1924, at Borough Hall for the grading, curbing, guttering, scraping and paving Bituminous Macadam Tarvia Penetration method of Good Street from the south side of Daniel Street to the north side of Grace Street and Brishin Street from the south line of said Borough to the north line of said Borough for a distance of approximately 7,502 lineal feet according to plans and specifications prepared by the Borough Engineer which may be obtained by prospective bidders upon application to C. G. Dickey, Secretary of Borough Council.

Proposals must be accompanied by a certified check, payable to Borough Treasurer for 5 per cent of total amount of the bid as evidence of good faith.

The Borough Council reserves the right to reject any and all bids and award the contract to the best bidder, which may not be the lowest.

By order of the Borough Council of Houtzdale:
T. V. HENDERSON, President
W. P. COUSER, Chief Burgess
Attest:
C. G. DICKEY, Secretary. 6/19/26/73/ch

DIVORCE NOTICE
In the Court of Common Pleas of Clearfield County.
Daniel F. Miller
vs.
LUCY J. MILLER

To Lucy J. Miller, Respondent:
Whereas, Daniel F. Miller, your husband, has filed a libel in the Court of Common Pleas of Clearfield County, praying for a divorce from you to which a return of "not in the county" was made by the Sheriff and an alias writ issued to which a like return was made, now therefore you are hereby notified and required to appear in said Court on Monday, the 7th day of July next, to answer the complaint of the said Daniel F. Miller, and in default of such appearance you will be liable to have a divorce granted in your absence.

THOS. J. LOWELL,
Sheriff, Clearfield County.
Sheriff's Office, June 6th, 1924. 6/13/20/27/pd

Just a "Would-Be."
"When a man is overanxious to show dat he's boss," said Uncle Eben "he's afraid dat he ain't."—Washington Star.

"My Rheumatism is gone"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S.S.S. Today I have the strength I used to have years ago! I don't use my crutches any more." S.S.S. makes people talk about themselves the way it builds up their strength. Start S.S.S. today for that rheumatism. You'll feel the difference shortly.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Here's Glad News Folks

July 1st is the time we take inventory. In view of the fact that it is easier to count cash than merchandise we have reduced prices to a minimum for quick selling in order to reduce the large surplus stock left on our shelves, due to the rainy, backward season this spring. It is an ill wind that blows no one good. Coming at this time just in the heart of the season our PRE INVENTORY SALE offers an unusual opportunity to get stylish serviceable footwear at a fraction of their former cost with practically the whole summer yet to enjoy them.

CLEARFIELD TEAM HUMBLING DUBOIS

DuBois, June 20.—Clearfield proved the barrier to the seventh straight victory for the DuBois Elks yesterday afternoon, when they handed the locals a seven to two setback. Phillipsburg defeated Osceola, 9 to 8 in the other game of the league. This leaves DuBois leading the league due to the fact that the Clearfield-Osceola game has not yet been played, and if a victory is forthcoming for the county seaters in that contest DuBois will be tied with them for the lead.

The Score:—

DuBois	AB.	R.	H.	O.	A.	E.
Williams, 3rd	4	0	0	2	0	1
Boyle, cf	4	1	2	3	0	0

Read The Progress

ELECTRIC POWER FOR EVERY PENN FARMER

Harrisburg, Pa., June 20.—The first organized move to give every farmer in Pennsylvania electric power facilities will be started July 9 when the Public Service Commission starts an inquiry to determine methods of improving extending service. The extended facilities, it is expected will be made possible to the farmers at greatly reduced rates through distributing the increased amount of power to be generated in the working out of the giant power plan of Governor Pinchot.

Pittsburgh—The old fashioned whipping post was advocated for four boys 17 to 19 years of age, by Judge H. H. Rowland in criminal court yesterday, when the boys pleaded guilty or no defense to three charges of robbery and two of larceny. The judge sentenced them to the reform school at Huntingdon.

PESKY BED-BUGS

(Pesky Bed-Bugs) P. D. Q. is the new chemical that puts the overbearing bed-bugs, roaches, fleas, ants and mosquitoes—responsible for the pesky pests that haunt where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 35¢ package makes a full quart, enough to fill a million bedbugs, roaches, moths or cockroaches—and also contains a patent sprout to get the eggs into the hard-to-get-at places and saves juice. P. D. Q. can also be purchased in sealed bottles, double strength, liquid form.

Sold by Stewart's Drug Store and all good druggists.

ISELIN CHILD DROWNED, ANOTHER FATALLY HURT

Louis Gardish, aged 12 years, of Iselin, was drowned in the dam at that place on Monday afternoon when he was seized by an attack of cramps while in the water with some other boys. His companions dragged the body out, but life was extinct and efforts to resuscitate him were in vain.

A two-year-old son of Mr. and Mrs. Marco Salgado, of Iselin, was fatally injured Monday afternoon when he was tramped by a horse belonging to the coal company team, while the team was being driven through the town by Louis Penny. The driver declares that he did not see the child in the street until after the horses had tramped on the little one.

Announcing The Easiest Car In The World To Take Care Of

1925 Cleveland Six

One-Shot Lubricating System

STEP ON THE PLUNGER

Goodbye grease gun! Goodbye oil can! No more greasy, grimy hands! No more squeaks and rattles! Step on the plunger near your heel and all parts of the car except the crank case are supplied with the proper amount of lubricant. Two seconds is all it takes! This exclusive, patented Cleveland Six feature makes neglected lubrication almost humanly impossible.

See it! See how it works!

Here is a car that is entirely new! A larger, more powerful Cleveland Six with so many marvelous features that it is destined to sweep the nation.

Because it is the only car in the world containing the One-Shot Lubricating System, it ranks as the easiest car in the world to take care of.

Mileage Motor

Performance to be proud of—that's what the owner of a 1925 Cleveland Six has in store. Under the hood of his car is one of the truly great power plants—the new Mileage Motor.

He can pace any stock car in the world on hills—exceed 60 miles an hour when the road is

By stepping on a plunger near his heel, the driver lubricates in two seconds all those parts which in other cars require an hour's grimy work with grease gun and oil can.

No greater convenience feature was ever offered to the motorist.

clear—leap from 5 to 25 miles an hour in less than seven seconds!

Yet he revels in flawlessly smooth and silent operation at all speeds—gets well over 20 miles to the gallon of gasoline—and carbon troubles are unknown.

Balloon Tires

All models come equipped with genuine supersize balloon tires at no extra cost.

With the longer wheel base, the scientific spring suspension, and the accurate distribution of weight, the last word in even, jarless riding comfort is achieved.

The closed bodies are by Fisher—with all the beauty, refinement, and lasting qualities that Fisher construction guarantees.

4-Wheel Brakes

The chassis is longer and stronger—the transmission is new—the rear axle indestructible.

Four wheel brakes of proven design and construction are offered as optional equipment.

Due to their extreme simplicity, their operation is sure—their maintenance easy—and the charge for them is unusually low.

See this truly marvelous new car! Test it for power, for speed, for smoothness, for flashing get-away.

We guarantee you an experience the like of which you have never had before in any car!

Now We Know Why
People Have

Burning Feet

All in the Joints Says
Maine Doctor

"What fools we have been!" All these years we have been trying to cure thousands of footsore people by bathing and powdering the skin. All the time the real trouble is in the bones, ligaments and cartilage. The bones in the foot are covered with cartilage and connected with ligaments and they have a tremendous amount of work to do. The slightest strain on one little bone is being "on the foot" two weeks. It inflames the whole foot, causes swelling and burning, aching and great misery.

But this can be proved by a prominent Maine doctor whose name is known all over the world. Just try a remedy that is common to all joint troubles only—such as Joint-Ease, which every druggist has. It will have quickly your sore, inflamed and tortured feet will be well and strong and happy again. Forget your powdering and soaking. Make shifts for just a few days and get rid of all foot misery by using Joint-Ease.

It is an active emollient that you rub on each of your fingers for about a minute and it works right in through skin and down to the joints—the real seat of all troubles.

Remember when Joint-Ease is used, all foot agony gets out—quick. A bottle for 60 cents—Every drug store. Stewart Drug Co. sells lots of it.

MARRIED AT KINGSTON

Wednesday afternoon, June 18, 1924, the Lutheran parsonage, New Kingston, Pa., William L. Nicholls, of Clearfield, and Katharine Tozer, of Clearfield, both former teachers in the Clearfield Public Schools, were married by Rev. D. B. Trickey, Ph. D., in the presence of a few friends.

After congratulations the happy couple started for Washington, D. C., on a wedding tour.

They will make their home at Selinsgrove, Pa. Their many friends wish them a very happy sojourn through

Common Sense Talk
By Pres. P. E. Crowley

Philip Diehr, master mechanic in the local N. Y. C. yards returned yesterday from Buffalo, where he attended the convention of railroad superintendents on Wednesday last, which was addressed by President Crowley of the New York Central and other distinguished executives.

The Buffalo Courier in speaking of President Crowley's address said:

"Government ownership of railroads not only has proved an excessive drain upon state finances, but has failed to give the service to the public that privately owned roads have been able to give. President P. E. Crowley of the New York Central lines told delegates to the convention of American railway superintendents last night. He pointed to the record of privately owned common carriers in the past few years in support of his claim for the superiority of individual or corporate ownership.

The objection to state ownership does not, however, extend to control and the speaker declared he favored proper and reasonable regulation of railroads by the federal government. He also derided the practice of dismissing employees except when absolutely necessary, pointing out that cost of training a man made his loss to his employers a heavy one.

Deplores Legislative Attacks on the session of our last Congress no fewer than 251 bills and resolutions were introduced affecting the railroads. These bills and resolutions covered almost every conceivable aspect of railroad legislation from proposals for the entire repeal of the transportation act to separate proposals for repeal or modification of all of its essential features. Only two bills relating to the railroads were passed however.

The worthy President, who came up from the ranks and knows intimately whereof he speaks about every phase of railroading in directing his closing remarks to the Division Superintendents relative to their employees. Mr. Crowley said:—"If by chance an employee has made a mistake always give him an opportunity to be heard. A good motto to follow is 'never suspend or dismiss an employee from the service until you have exhausted every other means'. It costs the railroad considerable money to educate an employee, and when one has been educated, it is a serious matter to dis-

miss him and replace him with a man who is still in the process of being educated.

"Talk with the man who has made a mistake and give him an opportunity to talk with you. I venture the statement that five minutes talk by the superintendent with an employee who has made a mistake will pay greater dividends and bring better results than any thirty-day suspension ever imposed."

THREE AUTOISTS INJURED

Altoona, Pa., June 20. (INS.)—Thomas Ross, 17, of Roselawn, David Glida, 17, of Hollidaysburg, and James McGill, 18, also of Hollidaysburg, were severely injured, suffering various fractures when the automobile in which they were riding overturned near Hollidaysburg early today.

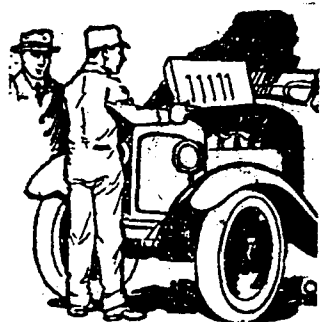

So History Records.

Cato began to study Greek at the age of eighty; but it was too late for the Greek philosophers to improve his disposition.

In Hard Lines

"I could not work at all and had to take to my bed with a high fever due to intestinal indigestion, gases in my stomach and pain in my right side. I had spent my last cent for doctors and medicine, which gave me no relief. I was in despair. A lodge brother gave me a bottle of Mayr's Wonderful Remedy and the first dose relieved me. This is the best of health. I am now in the best of health." It is a simple harmless preparation that removes the catarrh mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.

Phila., Pa.

THESE DEMOCRATS SURE WILL BATTLE

Washington, June 20 (INS.)—If dueling had not been prohibited here many years ago, there probably would have been some shots exchanged at daybreak this morning in that wooded dell near Blandensberg which has witnessed the settlement on so many quarrels in days gone by.

The participants might have been Senator Joseph L. Robinson of Arkansas and Dr. Jas. F. Mitchell, famous surgeon, but instead of dueling they settled their differences in the more modern, and at the same time, more ancient way—with their fists.

Their paths crossed yesterday afternoon on the links of the Chevy Chase golf club, there were several versions today of what took place, but all witnesses agree that Senator Robinson hit Dr. Mitchell in the eye. Robinson's golf mates—Senator Thomas J. Walsh of Montana, Sena-

tor Andrews Jones of New Mexico and Senator John S. Kendrick of Wyoming—said that the Arkansas Senator was provoked to hit Mitchell because of words which the latter used in criticizing the play of the Senatorial foursome. Robinson's complaint is said to be that Dr. Mitchell was "very insolent."

Robinson is the second Arkansas Senator to be mixed up in a fight during the past year, his colleague, Senator T. H. Caraway having come to blows with a young man in a street car. The latter sued Caraway for damages, but the suit was not pressed.

Pittsburgh—Burd S. Patterson, 67, widely known in western Pennsylvania for his activities in river improvements and for promoting children's play grounds, died last night following a blood transfusion operation in a hospital here. He leaves a mother a son and three daughters.
